NUMBER 139.

EXCHANGED GREETINGS

President McKinley Meets the Representatives of Old Mexico.

PLEASANT EVENT AT EL PASO, TEXAS

Messages Received and Sent by the Chief Executives of the Two Republics—A Bull Fight Across the River.

El Paso, Tex., May 6.—The presidential party reached El Paso, the gateway to Mexico, Sunday, and were here until today at noon, when the western journey was resumed. President Diaz of Mexico had hoped to meet the president here and shake hands with him across the border, but as the Mexican congress is in session, he could not leave the capital. He sent a personal message to the president, however, and also dispatched General Juan Hernandez, the commander of the second military zone of the state of Chihuahua, to present personally his good wishes to the president of the United States.

Governor Miguel Ahumada of Chihuahua, the most northerly state of Mexico, also traveled to El Paso to pay his respects, and these distinguished Mexican officials, accompanied by General Hernandez's staff, in full uniform, were received by the president in his car at the station. After exchanging felicitations, the president requested General Hernandez to convey to President Diaz his personal good wishes for his health and happiness and for a continuation of the cordial relations at present existing between the two countries.

A bullfight was feature of the celebration at Juarez (across the river) of the anniversary of the defeat of the French invaders at Puebla, but none of the presidential party attended.

Miners to Invade the Capital. Shamokin, Pa., May 6.—A committee from the United Mine Workers, districts Nos. 1, 7 and 9, anthracite region, will go to Harrisburg to see Acting President Snyder of the state senate. He is expected to inform them whether the senate committee intends holding up the labor bills or report them in the negative. In either event news will be sent to the coal region, whereupon the secretaries of the districts will notify the locals to hold mass meetings in every town and village to prepare the men for mobilization, preparatory to the invasion of Harrisburg.

Mayor Taggart's Brave Deed. Chicago, May 6.—Mayor Taggart of Indianapolis, who was here on a visit to friends, prevented a pleasure party from meeting with serious accident in a runaway. He was riding behind the party in an automobile when the horses, taking fright, ran away. Putting his machine to its full speed Mr. Taggart passed the runaways, brought his automobile to a stop, and jumping to the ground grabbed one of the horses by the bridle. Though he was dragged for more than a block, he kept tight hold of the bridle and finally brought the horses to a standstill.

Crazy Man and His Knife. Grenna, Sweden, May 6.—While Baroness Augusta Von Dusen was introducing a patient named Mehrmann into a hospital for nervous diseases here, Nehrmann became violent, seized a knife and stabbed the baroness and her three daughters. The patient then escaped into the street, clad only in underclothing, tried to force an entrance into several houses and attacked and wounded five persons before being overpowered. One of the daughters of the baroness has succumbed to her wounds.

After Delinquent Husbands. St. Paul, May 6.—The county board of control has decided to seek requisition papers in order to secure the return to the state of 30 husbands who have deserted their wives. The last legislature passed a law making wife desertion a felony, punishable by imprisonment in the penitentiary from one to three years, with a provision for suspension of sentence providing the delinquent husband shall give a bond to the state to support his wife and family.

Revolutionists Arrested. St. Petersburg, May 6.—During the last few days there have been wholesale arrests and seizures in connection with the alleged revolutionary movement. It is reported that persons of high position and reputation are involved. Several hundred persons have been arrested during the last 48 hours, including a number of prominent men.

Des Moines, May 6.—Mrs. George Rankin brained her 13-year-old daughter with a hatchet. The woman was discovered immediately after the deed a raving maniac. The insane frenzy was brought on by protracted illness.

THE FIRE AT JACKSONVILLE.

Worst Conflagration in History of the South—Prompt Relief.

Jacksonville, Fla., May 4.—The fire which broke out Friday at noon and was aided in its work by a southwest gale, burned 148 blocks, and as far as known seven people lost their lives.

The losses by the fire will not be known for a week. The path of the flames was 13 blocks wide and nearly two miles long. Practically all old Jacksonville has been destroyed, nothing being left but a few suburbs and Riverside, the most fashionable part of the city. It is believed that the fire is the largest in proportion to the size of the place that has ever visited any city. A distressing feature of the conflagration was the loss by many families of libraries, pianos and household goods after they had been moved to a supposed place of safety.

The board of trade and other commercial bodies met Saturday and took action looking to the alleviation of the suffering. It is expected that an appeal to the people of the United States calling for aid will be issued.

Leading business men and insurance agents estimate the total loss of property at from \$10,000,000 to \$15,000,000.

The St. James hotel, which was also destroyed, had been closed since April 19. The loss on this building is \$176,000. The Emery auditorium, Board of Trade, Windsor hotel, the Seminole club, The Daily Metropolis, the City hall and market, Senator Tallaferro's residence, the Gardiner building (the largest office building in the city), the Hubbard building, the courthouse and jail are all among the ruins.

Rush of Immigrants.

New York, May 6.—The ocean liners arriving of late are averaging 1,000 immigrants each, and the health officers of the port and the corps of marine hospital surgeons, who examine the new arrivals a second time when they reach Ellis Island, are kept busy. Steerage passengers with sore eyes are rejected, and on Saturday, among 1,122 German immigrants on a vessel from Hamburg, a case of smallpox was discovered. A steamer which arrived from Marseilles had three cases of smallpox among her 1,172 steerage passengers.

Two Bands Annihilated.

St. Petersburg, May 6.—The Russky Invalid publishes details of the recent operations in Manchuria. It appears that the north Manchurian division, under General Zerlitzky, fought over 20 engagements, losing altogether 24 men killed and seven officers and 61 wounded, two officers having died of their wounds. A quantity of guns and rifles were captured. The total results of the operations is that of the three bands which, at the beginning of the year, were menacing the peace of Manchuria, two have been annihilated. The third is now being pursued.

Challenger a Speedy Boat.

Southampton, May 6.—None of Sir Thomas Lipton's party came ashore here after the return of the Shamrock II from the spuds. Sir Thomas, it is asserted, is more enthusiastic than ever. "I consider it demonstrated beyond question that the Challenger will make the finest fight ever made in a contest for the Americas cup. I do not know what America has to array against us; but I am convinced that the Americans will be pleased to see a good race and will bear me no ill if, as I now think it possible, I should win the cup."

Appeal For Aid.

New York, May 6.—The Jacksonville emergency committee of the Merchants' association of this city organized to send relief Jacksonville, Fla., received the following telegram from the governor of Florida: "Food supplies needed as temporary relief. One hundred and thirty-six blocks, covering the best residence and business portion of the city, burned; about 10,000 people homeless and thousands destitute. Our people responding liberally, but demands for help beyond our ability to meet."

New Steel Plant.

Pittsburg, May 6.—The Standard Crucible Steel company, the new rival and off-shoot of the Crucible Steel company, has secured 20 acres of land near the Schoen works, McKees' Rocks, and within the next few weeks operations will have commenced. The new corporation has an application pending at Harrisburg for a charter in which it is stated that the capitalization amounts to \$1,000,000. The plant will cost \$5,000,000.

Clark County Democrats.

Springfield, O., May 6.—The Democratic central committee decided to hold the county convention Saturday, May 25. Hon. John L. Zimmerman of this county was endorsed for the gubernatorial nomination.

Bunch of British Bagged.

Cape Town, May 6.—News has arrived here that Colonel Dennison, with a patrol of scouts, has been captured. The scene of the capture is not known in Cape Town.

BURNED WHILE ASLEEP

Seven Perish in a Chicago Apartment House Fire and More Will Die.

FIREMEN BLOCKED BY A FREIGHT.

Held at a Grade Crossing While the Structure Was Reduced to Ashes—Train Men Placed Under Arrest.

Chicago, May 6.—Seven persons were burned to death, three fatally injured and several others slightly burned and otherwise injured in a fire that destroyed a 3-story apartment building at 4316 Marquette avenue, South Chicago. The dead: Mrs. Josephine Cooley; Mabel Cooley, 6, daughter of Mrs. Cooley; Annie Cooley, 15 months, daughter of Mrs. Cooley; Peter Zook, owner of the building; Mrs. Peter Zook, Victoria Zook, Nicholas Zook. The fatally injured: William Cooley, husband of Mrs. Josephine Cooley; Louise Christensen; Mabel Christensen.

While the occupants of the burning building were struggling with the smoke and flames, in hope of forcing their way to safety, the firemen, who were responding to the alarm, were vainly waiting for a freight train, which blocked the way of the fire engines, to move away from the crossing and give an open road to the fire. Marshall Driscoll, in charge of the firemen, called to the conductor and brakemen to move the train but they refused to comply with his request. The police were sent for and the crew were arrested. Then, under orders of the fire marshal, the train was backed from the crossing, but by the time the firemen reached the burning building the structure had been destroyed.

Among the embers were found the charred remains of the victims. The bodies were burned beyond recognition and were identified in various ways. The train crew, who live at Elkhart, Ind., are being held without bail, awaiting the verdict of the coroner's inquest. The origin of the fire is unknown. The building was an old one, built of wood, and burned so rapidly that all avenues of escape by stairways were cut off before the occupants were aware of the fire.

To Meet the Ohioans.

San Francisco, May 6.—All preparations for the reception and entertainment of President McKinley and Governor Nash of Ohio, with their respective parties, while in California, have been completed. A program consisting of receptions and side trips to points of interest has been arranged on such an extensive scale that it begins to look as though it will be impossible for the president to get to all the places at the time scheduled for the functions. Governor Gage and his reception committee left for Redlands, Cal., where the presidential train will be met Wednesday morning. General James M. Gleaves, president of the Ohio society, and William H. Jordan, vice president, left over the Santa Fe for Needles, where they will meet Governor Nash and his party and welcome them.

Cuban Commission Home.

Havana, May 6.—The special commission of the Cuban constitutional convention who went to Washington to obtain a better knowledge of the intentions of the United States government regarding Cuba, arrived here. They were met by a delegation of Cubans and by Colonel Scott, representing the military governor. Senor Llorente said that the commission had held several conferences on Havana during the trip, and that an understanding had been reached. He explained, however, that it would be necessary to hold another meeting when the report of the commission would be drawn up.

Ohio Party En Route.

Kansas City, May 6.—The Ohio special, bearing Governor Nash and staff and about 100 citizens of Ohio to San Francisco, for the launching of the battleship Ohio May 18, passed through Kansas City. Governor Nash was met at Kansas City by Major William Warner, former congressman; Colonel R. H. Hunt, Charles Baird, formerly of Columbus; Frank R. Stewart and other prominent Missourians and former residents of Ohio.

First Sunday at the Pan.

Buffalo, May 6.—The first Sunday of the Pan-American exposition's official existence brought out a good-sized crowd. Peaceful strolling along the terrace and the esplanade, restful sitting on the benches within hearing of the sacred band concert on the plaza and uninterrupted sauntering on the midway were the few indulgences of the Sunday sightseers.

To Preserve the Palisades.

Albany, May 6.—Governor Odell has signed the bill appropriating \$400,000 for the purchase of the palisades.

UNDER GUARD.

United States Soldiers Stationed at Registration Places in Cuba.

Santiago de Cuba, May 6.—Friday was the last day for registration for the municipal elections in June. The order issued by Governor General Wood that an American officer should be present at each registration office throughout the day to receive protests caused much excitement, the politicians claiming that it was another case of American interference.

The order provided that the military commander should act as judge in case of protests, and that such applications as he considered just should be allowed, the applicants to be enrolled upon the voting lists later. As a result there were thousands of protests. The Nationalists assert that the registration boards discriminated against them. The Republicans, who control the situation, reply that they have only followed the election order literally.

There seems to be no doubt of the success of the white Republican party, notwithstanding the overwhelming majority of the Nationalists.

Snuffed Out.

St. Paul, May 6.—W. J. Footner, vice president and general manager of the Great Northern Express company, died suddenly of apoplexy at his home here. Mr. Footner came to St. Paul in 1879 and was the organizer of the Northern Pacific Express company. He left the Union Pacific to organize the Great Northern Express company, and had since been at the head of that company. He was one of the grand officers of the Royal Arcanum and a member of several other orders.

Weekly Bank Statement.

New York, May 6.—The statement of the associated banks for the week ending May 4 shows: Loans \$890,450,000, increase \$6,005,500; deposits \$973,111,600, increase \$2,321,100; circulation \$31,132,800, decrease \$182,000; legal tenders \$71,955,300, decrease \$344,309; specie \$182,302,700, decrease \$4,555,100; reserves \$254,258,009, decrease \$5,199,400; reserve required \$243,277,900, increase \$580,275; surplus \$10,980,100, decrease \$7,779,075.

Water on Ship Subsidy Wheel.

London, May 6.—The Daily Mail protests editorially against "the indifference of the government while British trade is being ruined by foreign state-aided competition." Referring to Mr. Ellerman's statement at the annual meeting of the Leyland line, it says: "If there were any certainty that Great Britain would retaliate, an American subsidy would perhaps be averted for some years at least, but there is no such certainty."

Wanted For Murder.

Dayton, O., May 6.—Frank Brooks, alias Tom Smith, 25, a colored farmhand, was arrested on instructions from Paris, Ky., where he is wanted for the murder of Jeff Butler, colored, March 23. Brooks stated that during the progress of an altercation with a woman with whom he had some difficulty he struck her on the head with a revolver, causing the weapon to discharge, the bullet striking Butler in the left eye, producing death instantly.

Searching Ships at Havana.

Havana, May 6.—Customs inspectors are seizing all uninvolved goods found on board vessels entering this port. They are carrying out orders to the effect that all vessels shall be thoroughly searched, and that not even the quarters of the ship's officers are to be exempted. A number of packages were seized on board the Alfonso XIII, from Caruna April 20 said to contain Madrid lottery tickets.

Detroit Ripper Bills.

Lansing, Mich., May 6.—Governor Bliss signed the Detroit "ripper" bills, which abolish the police and park commissions of that city, establishing one-man boards instead, and give aldermen the appointing power. A third "ripper" bill, which the governor also signed, legislates the present superintendent of public works out of office and gives the aldermen power to appoint his successor.

Lumber Mill Burned.

Ashland, Me., May 6.—The mill of the Ashland Manufacturing company, the most modern and one of the largest sawmills in Maine, burned, and a large quantity of lumber was destroyed. Loss estimated at over \$200,000. The mill had just started for the season and 28,000,000 feet of logs were in the river ready for sawing.

Two Kings to Meet.

Athens, May 6.—The Greek press attaches great importance to the forthcoming interview between King George of Greece and King Charles of Roumania, at which an understanding is expected to be reached that will make Bulgaria realize that a rising in Macedonia is not popular.

Domestic Tragedy.

Hebronville, Tex., May 6.—Manuel Mess, a constable at Hebronville, killed his wife and then committed suicide by blowing his brains out.

PARTITION OF CHINA

Will Follow Any Demand For Territory In Lieu of Money Indemnity.

MINISTER CONGER ON THE SITUATION

Such a Request Would Cause Dissension Between the Powers—American Troops Depart—Missionaries and Looters.

New York, May 6.—Minister E. H. Conger, who has lately returned to this country, furnishes an article on the Chinese situation which will appear in the coming number of Leslie's Weekly. Mr. Conger says in part:

"Unless matters have changed very materially since I left China six weeks ago, the powers will reach some conclusion in regard to China very soon. China is perfectly willing to do anything that the powers agree upon—that is, anything within her ability to accomplish. The powers must not demand an indemnity which China will be physically unable to raise. It is not certain that, finally, some nation will make this demand, that the partition of China will follow, and this will inevitably cause much dissension between the powers. Russia has so far mitigated her demands that there is now much danger of serious difficulty between her and Japan."

"As far as the punishment of Chinese officials goes, China has already done all that she could. As an army the allies were exceedingly well behaved. As for the stories of missionaries looting, they are undisguisedly false."

Conditions in Colombia.

Kingston, Jamaica, May 6.—Claude C. Mallet, the British consul at Panama, arrived here on the steamer Atatra, on his way to England. Mr. Mallet said that the revolution in Colombia had degenerated into guerrilla warfare, and that the strength of the rebels was not known. One week 5,000 men were in the field, while the next week there will be but 1,000, as the rebels are in the habit of returning to their homes in order to gather supplies. The Colombian government has taken the most strict precautions to guard the more important towns of the country, especially Panama, which is considered to be perfectly safe. The country is altogether unsettled in consequence of the continuation of the struggle.

American Troops Depart.

Peking, May 6.—The United States cavalry and artillery left Peking to march to Ton-Kin, imposing farewell ceremonies attended their departure Sir Alfred Gascoigne and the other British generals, with their staffs, were present, and the British commander sent a detachment of Baluchis, who escorted the Americans outside the city wall. General Chaffee publicly thanked the cavalry and artillery for their services in the international relief expedition and for their behavior since, which has been, he said, a credit to themselves and their nation. The infantry and headquarters staff will leave by rail as soon as the transports arrive at Taku.

A Tight Town.

Kansas City, May 6.—Saloons in Kansas City were closed tight Sunday, the first time in six years. But one arrest for failure to respect Mayor Reed's order was made, and one of the quietest days for a long time was the result. Saloon keepers will request a resumption of the old regime by petition. The mass meeting under the auspices of the Law Enforcement league, attended by 500 men, was held, and strong resolutions commanding the mayor and police commissioners in their action were adopted.

THORON steel rails made in this country are sold in Europe at a less figure than is charged the home consumers, yet the billion dollar trust will advance them from \$26 to \$28 a ton. This is only for buyers in the United States, where competition is prevented by the tariff. Foreign buyers can still get all the American steel rails that they want for \$22 a ton. American buyers must pay \$26 more a ton than is paid by foreign buyers. But the trust has to get the money from some source to pay dividends on its "watered" stock, and who are better able to pay it than American railroad companies? The people will have to foot the bill in the long run.

BRACKEN'S PRIMARY.

Byron for Senator and Rigdon for Representative Among the Winners in Saturday's Contest.

The Democratic primary election held in Bracken County Saturday resulted in the following nominations: W. A. Byron, State Senator; S. B. Rigdon, Representative; J. R. Minor, Judge; J. A. McCane, Clerk; M. J. Hennessey, Attorney; B. F. McAtee, Sheriff; W. H. Huffman, School Superintendent; Henry Wagner, Assessor; J. A. Morehead, Jailer.

The contest between Byron and Armstrong was a very hot one, and much bitter feeling was engendered.

Mr. Oval Scott, of Georgetown, O., and Miss Edith Jennings, of Brown County, were married Saturday, Judge Newell officiating.

—Mr. and Mrs. John L. Shuff, of Cincinnati, were visiting Mr. and Mrs. Henry Thompson Saturday and Sunday, returning home last evening.

PUBLIC LIBRARIES

And Their Value to a Community—"Good Books, Who Can Measure Their Blessing?"

Below we publish the beautiful poem of Lucy Larcom titled "Good Books." Because of the increasing interest in public libraries we believe this poem will be much enjoyed by all friends of such institutions:

As a sky that has no constellations,
As a country unwatered by brooks,
As a house that is empty of kindred,
Unilluminated by loving looks,
So dull is the life of the people
Who know not the blessings of books.
Good books are the best of companions,
They help us to see with the eyes
Of the great ones in ages pastore;
Dead saints at their bidding arise
From the moss-mounded graveyards to teach us
That the truth which is lived never dies.

Good books are the kindest of neighbors;
They help us to know one another;

They show how the words "man" and "woman"

Have always meant "sister" and "brother."

So they fan to life feelings fraternal,

That the dust of the day might smother.

The books that we cherish are human:
They are written from heart unto heart;
Now they move us to singing and laughter,
Now they cause the warm tear-drops to start;

We feel, as we read, their fresh pages
By the rose-breath of love blown apart.

Good books are an inspiration,
A spirit within stirs their leaves

With a sigh of a burden prophetic,

That warms and rejoices and grieves;

And the ear that is open to hear it

The word of the vision receives.

Good books—who can measure their blessing?

Tell how it begins, where it ends?

How they interweave past, present, future,

Until time with eternity blends!

They are more than companions and neighbors;

Good books are the truest of friends.

Good books—they who build them a shelter

A place among people to stay,

As helpers and guides and inspirers,

Our best benefactors are they;

And therefore the heart of the reader

Should learn to be grateful to day.

—Mr. Geo. H. Owens will leave to-

morrow to spend some time in St. Louis,

and he may decide to make that city his home hereafter. A wide circle of warm friends regret to see him leave Maysville.

—Mr. and Mrs. Ed. Hunter, after a flying visit to their many friends in old Mason, left for home in Bourbon County, accompanied by Mrs. Wm. Hunter, who will spend some time with them.

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupfuls to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

Addison Owens, Colored, of Lewisburg, thinks his brother Ed, was murdered near Vanceburg.

VANCEBURG, Ky., May 3—Addison Owens, colored, of Lewisburg, Mason County, came here this morning and cleared up the mystery concerning the identity of the negro found murdered beside the C. and O. Railroad track west of here. The murdered man was named Edward Owens, brother of Addison, and he was twenty years of age, and had been at work in West Virginia, and was returning with other parties, having \$50 in his pocket. Addison's theory is that his brother was murdered for his money, and a small sum left in his pocket to keep down suspicion.

The Edward Owens referred to was tried at a recent term of the Circuit Court on a charge of criminal assault, but was acquitted. A few years ago he was tried on a charge of shooting and was let off with a fine of \$50. This shooting was done near Lewisburg.

He Is a Wonder.

All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c. at J. Jas. Wood & Son's drug store.

BALLINGER, jeweler and optician.

The last time, until within the past month, that our Washington correspondent was in Lexington and Central Kentucky was thirty-eight years ago, when John Morgan and Scott's Louisiana Cavalry were riding rough-shod over its fields. The main spirit of the Louisiana Cavalry was Colonel Nixon, who had been editor of the old New Orleans Crescent, and was a most gallant soldier and gentleman. He returned to New Orleans after the war, where he died. The command was raised about Red river, La., where we met with some of them after the war.

A Heavy Loss in Burning Coal.

(Literary Digest.)
A recent document issued by the Coal Smoke Abatement Society of England states that the annual loss in London resulting from imperfect methods of combustion is not less than £12,000,000 (\$60,000,000). "About 18,000,000 tons of coal," says L'Echo des Mines, summing up this report, "are annually consumed in London; it costs about £16,000,000 (\$80,000,000) and probably 3,000,000 tons are used in the manufacture of gas. About two-thirds of the heat produced is lost by passing up the chimneys, and this loss would thus be 8,000,000 of pounds. The damage caused to paint and decoration, furniture, etc., is estimated at £3,000,000 yearly, while the loss directly due to imperfect combustion reaches about £1,000,000."

Weekly review of the warehouse interests:

"The week has been a very fair one, and results have generally been very satisfactory, except when hogheads have been discriminated against by reason of soft color.

"Very little fine or fancy tobacco has appeared on the breaks this week, and the best price of the season on any market—\$9.75—has been offered for a cigarette wrapper. The next best price of the week was \$8.18.

"Reports from the country indicate that conditions have, for about a week, been very favorable for the growing crop, and that in many sections the first good growing weather of the season is now being experienced. Plants are, as a rule, abundant and doing well, though backward on account of the prolonged cold weather. The probable acreage is as yet a little uncertain though it seems that about an average setting is being planned for."

A Card From W. H. Jefferson.

At the commencement of the present contest for county offices I fully intended entering the race for the Democratic nomination for Assessor, but skeleus in my family so interfered with my plans that I did not have the time to make a canvass. I therefore concluded not to enter the race, but to accept a deputyship under my friend Mr. Robert Perrine, in the event of his election. I now respectfully ask my friends throughout the county to give their support to Mr. Perrine.

H. W. JEFFERSON.

Fought for His Life.

"My father and sister both died of consumption," writes J. T. Weatherwax, of Wyandotte, Mich., "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of pneumonia left an obstinate cough and very severe lung trouble, which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." Infallible for coughs, colds and all throat and lung trouble. Guaranteed bottles 50c. and \$1 at J. Jas. Wood & Son's drug store.
